

Front and back (each side should be ~9 inches long)

Sides (Should be ~7.5" wide)

Roof and Towers (9" x 7.5") – Print 2

## Kristoff's Fine Latverian Cuisine

### Supplies:

¼" foam board  
Spray adhesive  
Hot glue gun with glue sticks  
Exacto knife or rotary cutter

### Instructions

The bottom of the restaurant is just a box.  
Cut out the walls and roof from your printout  
Cut out the same shapes in the foam.  
Spray adhesive on to walls and roof and press on the cut outs.  
Use hot glue gun to attach walls at corners  
Use hot glue gun to attach roof

For towers, cut out 20 1 ½" X 1 ½" squares from roof page, and 20 1 ½" X 1 ½" squares from foam. Assemble these into small boxes. Glue the boxes onto the corners of the room to make a castle-like roof.

Enjoy!
